PAIN & AUTONOMIC DISORDERS

WELCOME MESSAGE

Dear Colleagues and Friends,

Welcome to the 6th International Conference and Course on Neuromuscular Ultrasonography, from September 21 to 23, 2017, in Seoul, Korea. It is the first time for ICCNU to be held in Asia, and will be incorporated with the 2017 Korean Academy of Neuromusculoskeletal Sonography (KANMS-SONO) and Korean Association of Pain Medicine (KAPM) Autumn Conferences.

Since 2012, the ICCNU series has been held annually under the auspices of the International Society of Peripheral Neurophysiologic Imaging (ISPNI). At ICCNU 2017, about 500 active specialists in the rehabilitation medicine, neurology and radiology fields will gather together for this event. Our goal is to incorporate a broad spectrum of multidisciplinary research and open a new platform to extend international collaboration beyond Asia.

To achieve this goal, the Local Organizing Committee plans to go to great lengths to ensure the conference surpasses all expectations and provides a meaningful and cultural experience for all our participants from around the world. We believe this will act as new momentum to strengthen the relationships between national societies as well as individual members.

As we value academic achievement, we are planning various programs to provide active discussion and networking opportunities. Thanks to the dynamics of the city of Seoul, ICCNU 2017 will surely be the center of many unforgettable moments.

We look forward to welcoming you in Seoul, Korea!

Sincerely yours,

Prof. Hee-Sang KIM
President
ICCNU 2017 Organizing Committee

Prof. Shi-Uk LEE
Chair
ICCNU 2017 Organizing Committee

Call for Abstracts

Deadline for Abstract Submission:
June 23, 2017

ICCNU 2017 cordially invites you to submit your abstracts for oral and poster presentations. All abstracts will be reviewed by the Scientific Committee and assigned to the appropriate session based on the author's application and program requirements.

Awards & Grants

Best Presentation Awards

Best presenters of oral and poster presentations will have the chance to win the award. The amount of the award grant is US\$ 200.

Travel Fellowship

The Travel Fellowship is designed to give partial financial support to young doctors from low-income countries to help with the cost of attendance so they can participate in the oral presentations. The amount of the fellowship grant is US\$ 500.
